(1) This website continues to use the online marketing tool DoubleClick by Google. DoubleClick uses cookies to serve ads relevant to users, to improve campaign performance reports, or to prevent a user from seeing the same ads more than once. Google uses a cookie ID to track which ads are displayed in which browser and to prevent them from being displayed more than once. In addition, DoubleClick may use cookie IDs to collect conversions related to ad requests. This is the case, for example, when a user sees a DoubleClick ad and later visits the advertiser's website with the same browser and buys something there. According to Google,

DoubleClick cookies do not contain any personal information. By using this tool, we pursue our interest in showing you advertisements in which you are interested, in increasing the attractiveness of our website for you and in achieving a fair calculation of advertising costs. The legal basis for the processing of your data is Art. 6 para. 1 sentence 1 lit. f GDPR.

- b) by disabling cookies for conversion tracking, by setting your browser to block cookies from the "www.googleadservices.com" domain, <https://www.google.de/settings/ads>, which is deleted when you delete your cookies,

This way, we pursue our interest in showing you advertisements that are of interest to you. The legal basis for the processing of your data is Art. 6 para. 1 sentence 1 lit. f GDPR.

(2) Due to the marketing tools used, your browser automatically establishes a direct connection to the Facebook server. Therefore, we inform you according to our level of knowledge: By integrating Facebook Custom Audiences, Facebook receives the information that you have accessed the corresponding website of our Internet presence or that you have clicked on an advertisement from us. If you are registered with a Facebook service, Facebook can associate your visit with your account.
